Volunteering with To Live in Hope

In Ghana you'll have the opportunity to work on several development projects and experience everything Ghana has to offer. Working 5 days a week you'll gain an understanding of what the project is, why it exists, and the outcomes it will deliver.

Ghana boasts incredible tourist attractions and we want to make sure you get the chance to see and do everything you can. We help organize excursions and join you on them, time off is given on evenings and weekends.

To Live in Hope staff accompany you and your group from when you arrive at the airport until we drop you back off to ensure you are safe and have the best possible experience. You are welcome to travel independently if you wish.

Projects you can volunteer on:

Building Libraries

Building ICT Labs for school

Building Water Wells

Helping on the Empowering Women Projects

Why Us?

We develop all our projects with local stakeholders, ensuring the work we do has a positive impact. Volunteering is hands on, you'll get to meet the beneficiaries of our projects and work with knowledgeable staff who can give you great insight into the development sector. We've been running and developing our volunteering trips since 2010, you'll find the experience very rewarding and work with some amazing people.

Accommodation & Food

We have two dedicated volunteer houses, both located in quiet neighborhoods, they're safe, well situated, welcoming and are located close to amenities and playing fields. You'll find plenty of space for socialising with large living spaces, large dorm rooms and dining areas. We also have access to local swimming pools. You'll usually share a room with up to 5 other volunteers, there's safe storage and the house has running water, electricity and shared internet. All volunteer accommodation is staffed 24/7. Our kitchen staff will be providing you with 3 meals a day; both local and international dishes. There's clean drinking water and fresh fruit always available.

Excursions

Ghana is a fantastic place to explore with large national parks, waterfalls, castles, rainforest walks, lakes, museums, markets, picturesque beaches and lots of cultural attractions. Evenings can be spent taking in the local culture, music and food, while weekends can be spent walking over the rooftops of the rainforest, on an elephant safari or relaxing on the beach. There's certainly nothing boring about Ghana and to help you see and experience as much as possible we're here to help, we provide an excursion package at cost price.

Fundraising

We ask every volunteer to raise a minimum sponsorship amount of £1400 with optional excursion cost of around £400 depending on itinerary. This includes everything you need apart from the flight at a cost of around £400. To help we provide an online fundraising page and downloadable fundraising materials so you can fundraise this cost. Minimum sponsorship is due 4 weeks before departure; giving you plenty of time to fundraise.

What's included?

Project Accommodation, 3 Meals per day and Safe drinking water, Return Airport Transfers, Airport Hotel if needed on Arrival, All project related Transport, All project Materials & Equipment, Project T-Shirts, 24/7 Team Leaders & Project Managers, Volunteer Area.
